

Company profile

Business software and corporate IT, built and supported in Nairobi. Precision. In every move.

Who we are

Fledge Solutions Limited builds business software and delivers corporate IT infrastructure for organisations in Kenya and the region. Our software serves vehicle valuation firms, microfinance and digital lenders, property managers and HR teams. Our infrastructure team plans, supplies, installs and supports equipment, networks, CCTV and access control for offices, branches and warehouses.

What we deliver

Line	What it covers
Vehicle valuation software	Assignments and inspections, AI-assisted document and photo review, market-comparison review, quality control and approval, report generation and delivery, corporate pricing, invoicing and payments. AI assists; the valuer decides.
LendRange (microfinance)	WhatsApp loan applications, credit assessment, M-Pesa repayments and disbursement, group lending, field-officer coordination with offline sync, collateral tracking, ledger and portfolio reporting. Published pricing from KSh 29,000 a month.
Property and HR software	Rent invoicing, arrears, owner statements and tenant self-service; employee records, leave, attendance and payroll requirements.
Hardware, networks and CCTV	Site surveys, workstations and printers, office and branch networks, structured cabling and Wi-Fi, servers and storage, CCTV cameras and recording, access control, installation, commissioning and handover.
Managed IT and cybersecurity	User and device support, maintenance, access administration, backup oversight; scoped security assessments, identity, endpoint, network and recovery improvements, with specialist partners where required.
Custom development	Workflows and integrations built around your operation, including M-Pesa, WhatsApp, SMS and partner APIs.

How we work

1. Discover Understand the operation, sites, volumes and timeline.	2. Define Demonstrate the fit; agree scope, costs and responsibilities in writing.	3. Deliver Configure, install, migrate data and train your team.	4. Support Provide the agreed support and plan the next improvements.
--	--	--	---

For tenders and procurement

We respond to tenders, RFQs and supplier prequalification with itemised quotations that separate equipment, installation and ongoing support. Quotations are exclusive of VAT, with 16% added. Company registration and tax documents are available on request.
